IET recognizes KJSIEIT as the BEST!

The largest multidisciplinary professional engineering institution in the world, the Institution of Engineering and Technology (IET) awarded KJSIEIT the

prestigious award, conferring the title as the **“Best Academic Affiliate Partner” for stupendously conducting various technical & social activities for students & faculty in Mumbai Region & across India.**

An icing on the cake was Prof. Vaishali Gaikwad from Department of Information Technology was also awarded as "Best Promising Teacher for Student Engagements in Technical & Innovative Activities" by IET. Being amongst the prominent institutions around the globe and a popular one at our college, the twin wins have just served as a reminder of the participation of KJSIEIT in various local as well as global activities, striving towards the goal of the institution of using and taking technology to greater levels and for the betterment of the society.

ALUMNI Updates!

Guest Lectures and Seminars

Our Alumni from **EXTC Department** held grooming sessions for the students from the department. The sessions and the interactions were held for Accenture at our college premises and were attended by large number of students eager to know what it takes to get into one of most sought after IT company!

Attendees included- Mr. Apurva Desai (2012), MS. Priyanka Patil (2016), Ms. Deepthy Nair (2016), Mr. Meet Parikh (2016)

An interactive session was held by the EXTC Department exploring the often debated topic- “Job Opportunities”! **Mr. Ekagar Singh Hara** the speaker for the same.

ALUMNI Updates!

Guest Lectures and Seminars

Our Alumni, **Mr. Kunal Panchal** conducted guest lecture on “Project Development strategies” for BE students! This talk proved beneficial for our students in deciding the flow of projects they wish to take up. Mr. Kunal also clarified many doubts regarding various project management strategies post the talk.

Mr. Mayank Purohit conducted guest lecture on “Public Key Infrastructure” for BE students. The main aim of the talk was knowing the loopholes of a system and how to rectify them. Students were also updated with the knowledge on related subject and questions were answered thereafter.

ALUMNI Updates!

Guest Lectures and Seminars

For the **Electronics Department**, a talk was organized by Prof Sarika Bhosale on “**Introduction to MEMS**, Opportunities in Core Electronics Engineering”. **Mr Gaurav Valecha** was the speaker for the session organized for the students of 4th year!

For semester VIII, the students have a subject related to MEMs. Hence this talk assumed an importance amongst the students. Mr. Gaurav discussed ideas and concepts regarding various MEMs devices such as cantilever beam, heater with their applications along with its basics. Discussions were also held on preparations for core electronics interviews with Mr Gaurav sharing his own experiences!

At the concluding part of the session, students cleared many of their doubts and the overall talk proved to be a great learning experience for them!

More about Mr. Gaurav Valecha:

Mr. Gaurav Valecha is currently working as a Hardware Development Engineer at NanoSniff Technologies Pvt. Ltd.

ALUMNI

ALUMNI Updates!

Guest Lectures and Seminars

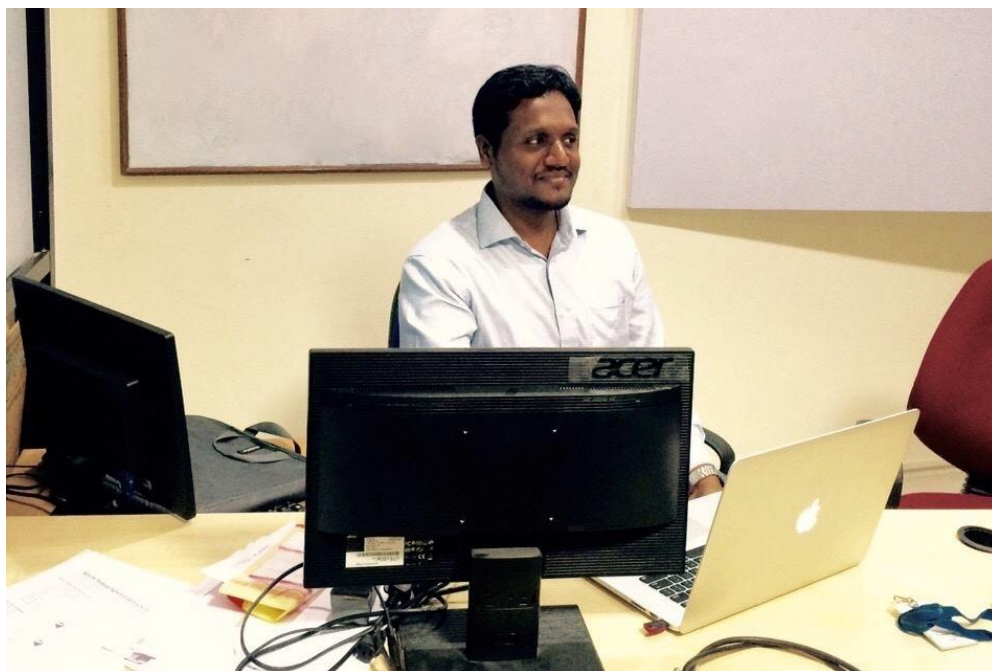

Alumni of our college, from the **Computers Department**, **Mr Prashant Nair** held a guest lecture on “**Interactive Session on industry requirements**”. The session was held for the sophomore year students at our campus. Attended well over 60 students, the lecture was very well received and many doubts were cleared of the curious students.

More about Prashant Nair:

Prashant Nair, Joint Secretary on the AlCom Administrative board is currently working as Managing Director at CognitoIT Consulting Pvt. Ltd. He had previously worked as Senior Subject Matter Expert at MSys Training. Prashant has also been a part of companies like PI, BACI, IDEMI and Orosimo Technologies.

Prashant has been active in the activities and happenings of the Alumni Committee and has recently contributed a high tech computer for the college

Double 'A' for KJSIEIT!

National Programme on Technology Enhanced Learning (NPTEL), which provides online certification courses, with lectures from professors of IITs, recently graded our college with a 'AA' certificate based on performance of students and faculties in NPTEL online certification courses during the period July-December 2016.

Prof. Jyoti Wadmare from the Department of Computers was also felicitated by NPTEL for her role as a SPOC with rating AA. She was well supported by the NPTEL team consisting of Prof. Sejal Shah (Electronics Department), Prof. Nasim Shah (IT Department) and Prof. Rashmi Adatkar (EXTC Department). The team took herculean efforts in proving that awareness and participation amongst students increases which resulted in students getting access to quality education from the very best in the business!

ALUMNI Updates!

Guest Lectures and Seminars

Mr Navnath Memane, our Alumni from the Computers Department and Co-founder of Appvissta Software Pvt.Ltd held a Guest Lecture at our Institute on 4th October! The topic was one of the most debated and a favourite amongst students- **Mac OS and iOS!**

The students were keen to know about one of most advanced and yet simple to use operating systems. The hour long session was well attended by the Third Year students and proved to be a learning experience for them!

Mr Navnath, who is also an iOS faculty at iDeators Training Institute at the conclusion of the session took

some curious questions from the audience and helped them clear their doubts, thus proving to be a complete package on the topic of Mac and iOS!

Campus Activities: (L-R) Constitution Day celebrations in campus on 25th November ; KJSIEIT placed in Gold Category for IndPact Survey for Industry linked Tech Institutes
