

Three-day Faculty Development Program

On

"Universal Human Values- Introductory"

Face-to-Face

2nd January to 4th January,
2025

Organized by

Department of Electronics and
Telecommunication Engineering, in
association with IETE Student Chapter

K. J. Somaia Institute of Technology
(An Autonomous Institute)

Ayurvihar Complex, Near Somaia Hospital,
Eastern Express Highway, Sion, Mumbai,
Maharashtra, 400022.

Contact: 91-22-44444408 / 44444403

Introduction

Human values can be understood as the values that have been conceived and preferred by the people in a society that has inspired their actual conduct and behavior and prepared them to attain the best in their lives. Human values involve the process of selection, preference and acceptance of certain values for life.

The present education system has become largely skill-based. The prime emphasis is on science and technology. However, science and technology can only help to provide the means to achieve what is considered valuable in terms of facilities. Value Education is a crucial missing link in the present education system. Because of this deficiency, most of our efforts may prove to be counterproductive and serious crises at the individual, societal and environmental level are manifesting. To fulfill our aspirations both values and skills are necessary.

This Program aims to provide an insight for a happy and successful life it is important to know, explore, verify and practice universal human values, professional ethics.

Objectives

- To explain the meaning of human values and how they have been universally accepted.
- To develop teachers, parents and policy makers of tomorrow who will have a humane worldview along with technical skills and strive to ensure value-based living for themselves as well as the society.

Eligibility and Selection Criteria

Faculty/Students/Research Fellows/ Working Professionals from Industry are eligible to apply. Certificates will be awarded to participants who attend the Program full-time and successfully participate in all the activities. Maximum number of participants will be 50. Registration will be on the basis of first come basis.

No Registration Fees

Accommodation

Double/triple bed accommodation will be provided in campus Hostel and the charges will be as per tariff. Kindly fill following form for accommodation.

Prof. Sunil Patil [92226 05862]

Prof. Harshwardhan Ahire [98332 55744]

About KJSIT: K. J. Somaiya Institute of Technology is one of the reputed Autonomous engineering institute approved by AICTE, DTE and permanently affiliated to the University of Mumbai, established by the Somaiya Trust in year 2001. The institute provides quality engineering education in Computer Engineering, Information Technology, Electronics & Telecommunication Engineering and Artificial Intelligence & Data Science, PG in Artificial Intelligence and Ph.D in Computer Engineering, Electronics & Telecommunication Engineering & Information Technology. Institute is accredited with 'A' Grade by the National Assessment & Accreditation Council (NAAC) of India and programs of the institute are accredited by National Board of Accreditation, India (NBA).

About Department: The field of Electronics and Telecommunication Engineering is the utilization of complex apparatus and electronic mechanisms to produce state of the art telecommunication systems capable of processing information at incredible speeds. It mainly deals with the communication technologies along with the basic electronic components, design of circuits and systems. The department is established with well-equipped laboratories and research facilities. These laboratories provide platform for learning not only theory but also practical aspects of electronics and communication engineering.

About All India Technical Education Council: All India Technical Education Council is a statutory body and national level council for technical education under the Department of Higher Education, Ministry of Human Resource Development. First established as an advisory body in November 1945 and later given statutory status by an Act of Parliament in 1987, it is responsible for the proper planning and coordinated development of the technical education and management education system in India.
