RESEARCH DEVELOPMENT AND CONSULTANCY COMMITTEE (RD-CC)

About Research Development and Consultancy Committee (RD-CC):

RD-CC facilitates interaction with external agencies for funded R&D projects and works closely with Institute Innovation Council (IIC). The RD-CC is conscious of the need to align its techno-scientific research with national goals, along with providing state-of-the-art infrastructure, endeavoring development of the students with excellence in innovation and research addressing the issues faced by the society through technology.

Functions and Responsibilities of RD-CC:

- To facilitate and encourage students and faculty members to come up with innovative techniques using basic concepts of Science and Technology which will help to address societal needs in cost effective and efficient manner.
- To address problems across different verticals like Bio, agriculture, healthcare, education.
- To raise funds to support and materialize innovative ideas of students and faculty members by collaborating with different research organizations, industries and government agencies.
- To promote interdisciplinary research.
